December 2017

What We Are Learning

- **Daily Five**

We have added Word Work to our Daily Five repertoire. The children enjoy using computers, puzzles, games, cards, white boards and other manipulatives to practice letters and words. We will start working with the -ap word family this month.

- **Math**

In December we will continue discussing symmetry, working on our addition, and practicing our counting. The concepts of measurement and probability will be introduced as well.

- **Religion**

As we wait for Jesus during Advent, we will recreate Mary and Joseph's path to Bethlehem. We will also meet as a whole school each Monday morning to have a special prayer service together.

- **Science**

This month we will be learn about things move. This unit will include the difference between a push and a pull and what things make heat.

Upcoming Events

December 4 th	No School
December 20 th	Early Out at 1:15
December 20 th	Christmas Program
December 21 st - January 2 nd	Christmas Break
January 3 rd	Return to School

Notes

Our Christmas Program this year is entitled, Mystery of Simon Shepard and will be performed on Wednesday, December 20th at 6:00pm at Central Building Auditorium. The children have been practicing in music class and together as an entire school. They are learning words, music and some fun actions to go along with a story about a trial to find a missing shepard boy. We can't wait to show you all of their hard work!

"The more that you read, the more things you will know. The more that you learn the more places you'll go!"

- Dr. Seuss

Please continue to read to and with your child over the break! ☺
