Early out Dec. 19
Christmas Concert Dec. 19

Reminders

Each and every week our First Graders are growing in their school work! Just a reminder to have them slow down on their work and to be reading to you as much as they can!

A Peek at Our Week

- For math we are really working hard to tell time to the half hour, and we are really working hard with money.
- Counting dimes, nickels, and pennies.
- Working on measurement (thermometers, and rulers) will be coming up.
- For reading we just finished up the short o sound and we are moving onto the short e.
- We are also going to be learning about the h brothers (sh, th, wh, and ch).

A Note From your Teacher

I hope you all had a wonderful Thanksgiving break! Our Advent season is upon us. Enjoy this season and all the magic it brings as it is a joyous time of year!

Wishing you Merry Christmas and a Happy New Year,
Mrs. Steffel
