Reminders

With Summer fast approaching I just want to give a quick reminder that even though it is break continue to have your children read. This will help them grow and continue to get better!

A Note From your Teacher

I just want to give a quick shout out to what a great year this has been. The kids have worked hard and continue to improve each and every day! This is a great bunch of kids and with their hard work and teamwork they will go far! I cannot wait to see them grow throughout the rest of their Sacred Heart years! Thank you all for everything!

Mrs. Steffel

A Peek at our week

In Math we are really working on understanding time and money. Also we will be introducing fractions within the next couple of lessons.

In reading we have worked hard on long vowels, team vowels and clovering. Continue reading all summer to keep this up!

Social we continue to learn about our community and what makes it run. Science we are learning about our Earth and what we can do to help it.
