

Hello Kindergarten Families,

Let me tell you a little bit about myself. I grew up in Augusta, Wisconsin where my family and I lived on a small 80-acre farm named Lambalot Acres. Go Pack Go! My family and I raise about 400 sheep, 50 chickens, and a couple dozen pigs.

I attended Winona State University in Winona, MN for my undergrad degree in Elementary Education with an emphasis in Early Childhood. It was there that I realized how much I liked Minnesota, which led me to find a job here at Sacred Heart last summer. I'm very excited to be starting my second year here, teaching you in Kindergarten! This year is going to be great!

I just moved to the Waseca area last September, and am really enjoying the

community so far. My favorite restaurant is probably the Boat House. During the summer I love to be outside and hike, swim, ride bike or look for new adventures. My other hobbies are painting, watching movies, and spend time with my friends and family. A fun fact about me is that I lived in Australia for three months in 2018 while student teaching there. The

picture to the left is one of my favorite memories from my visit, when I got to hold a koala in Queensland!

I'm so excited to get to know you and your classmates better! See you on September 3rd, 2019 for the first day of school!

Sincerely,

Ms. Klindworth
