

# Kindergarten News

November 2020

## What We Are Learning

- **Daily Five**

During our Work on Writing Time, we will begin practicing labeling. We will also begin learning word families and continue adding to our sight word list.

- **Math**

The children have been busy sorting coins, making patterns, and working on forming numbers. This month we will begin talking about estimation, teen numbers and symmetry.

- **Religion**

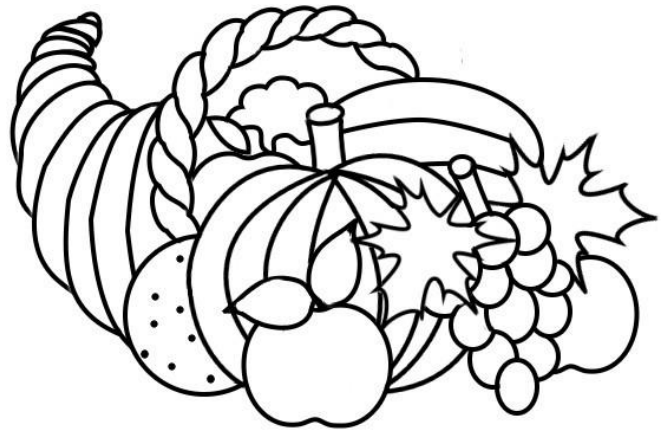

In November the students will begin memorizing the Lord 's Prayer. Please take time to discuss the role prayer plays in your life with your child.

- **Science**

This month we will talk about using our five senses to sort and observe objects .

- **Social Studies**

We will talk about Native Americans and Thanksgiving the second half of the month.

## Upcoming Events

November 10 & 12: Parent Teacher Conferences 3-7pm

November 26 – 27: NO SCHOOL (Thanksgiving Break)

### Notes:

Now that we are starting to wear our winter weather clothing, please help your child to learn how to put on his or her own clothing. We will help for the first couple of weeks, but then encourage the students to work on independence and dress on their own.

Conferences are also coming up and your support is pertinent since parents are a child's first – and most important – teachers. We cannot wait to collaborate with you.

Thanks!

Mrs. Omtvedt &  
Ms. Klindworth

## Happy Thanksgiving!
