

Miss Deason's SECOND GRADE

NEWS

FOR the MONTH OF
DECEMBER

What We're Up To:

Language Arts: Our current unit is all about nature's wonders. We have been reading many great stories about this topic! We are working on the beginning stages of cursive, vowel teams, compound words, different types of nouns, and using text features.

Math: We are working on telling time, place value, and measuring using inches and centimeters.

Religion: We are learning about what it means to be a disciple, caring for the people of God's kingdom, and sharing the good news of Jesus. We are practicing the Act of Contrition and celebrating Advent.

Social Studies: Our current unit is about the Earth. We are learning about landforms, using maps, Earth's resources, and how to care for God's creation.

Upcoming Dates:

- December 4th: No school
- December 21st-January 3rd: Christmas break

A Message From Miss Deason:

Please send winter gear with students everyday for recess! Telling time and counting money are great activities to practice at home. Students should be reading and practicing spelling words every night. Keep up the great work!
