2020

## Reminders...

Please continue to send your student with a clean mask and water bottle every day!

## Upcoming Events

Dec. 21 - Jan. 1  
No School

January 18  
No School  
MLK Day

## From Ms. Hellevik..

The month of December has kept us busy not only intellectually, but also spiritually as we prepared for Christmas. Students worked on holiday projects including writing letters to the residents at Colony Court!

### Math and Language Arts

In **Math** this month, we learned about all things fractions including common denominators, fraction comparisons, and place value relationships.

In **Language Arts**, we explored Latin/Greek roots, types of sentence structure, and the author's purpose. We also created brochures for our favorite animal of to practice our writing/computer skills.

### Social Studies and Science

In **Social Studies**, we learned about various Native American tribes. More specifically, we learned about all the historic sites in our home state of MN!

In **Science**, we conducted experiments working with sound, light, and heat energy. Did you know that there's no sound in space because there's no matter for the sound waves to vibrate through?

Wishing you a safe, joyful Christmas Season!
