The mission of Sacred Heart School is to promote life-long learning and Christ centered values in a Catholic setting.

A Message from the Principal

At this time of year, the students are excited about spring and seem to have more energy. I find this time of year exciting too, because it gives me the chance to look back at all the wonderful things that have happened with the students. I know my own faith is stronger because I had the chance to share experiences with your child and the rest of the students in the school.

You, though, have played the most important role in your child's learning this year. You put faith into action every day. It is your own commitment to living a faithful Christian life that has taught your child the most about the Catholic faith. I admire you greatly for that, and feel deeply privileged for having had the chance to share in the faith life of your child throughout this past year.

*Yours In Christ,
LeAnn M. Dahle*
