### Reminders

Even as the weather gets warmer we still need our coats. Please be sending your children with the right outdoor gear.

### Dear Parents,

It's hard to believe we only have a month left of school. This past year has been filled with some challenges due to COVID but your first graders have done a wonderful job and I thank all of you for sharing them with me.

### What We're Learning:

•**Math:** As we come to the end of the year we are finishing our math with a bunch of review.

•**Science:** We have started to talk about weather and the different kinds that can be around.

•**Social Studies:** We finished our social studies for first grade. The kids did a great job with it this year.

•**Reading:** We are finishing our Unit 5 and working on our last project of the year. As usual I'm sure the kids will work hard.

•**Writing:** As we finish the year we are working on editing sentences for different reasons. Also we'll be finishing our last project.

•**Language:** As we finish the year we are working on commas in sentences and dates.
