

Fourth Grade News

March 2022

Dear Parents and Families:

Welcome to March! I hope all is well with you in this hopeful season. As usual, we've had plenty to keep us busy in the classroom.

Being the Lenten season, we'll be spending a little more time with religious instruction in the mornings. This works out well, as the Pflaum "Venture" curriculum lends itself very well to reading comprehension and text summarization, and group discussions.

Our Math lessons will focus on division skills, angles and geometry, and multiplication of fractions. I foresee some of these lessons being pretty "heavy," so get ready!

In Language Arts, we'll cover traditional literature, tall tales, drama, and historical fiction. Also, as I'm sure you've noticed, the spelling lists will be getting a little more tricky.

Don't forget: Conferences are coming up! I'm looking forward to seeing you on March 29 or 31.

In the meantime, enjoy this season of hope, and just remember: winter can't last forever.

All the Best,

Chris Dahle
